LBM Advantage Building Products Division Announces 2016 Vendor Partners of the Year

New Windsor, N.Y.

February 2, 2017

LBM Advantage is marking their inaugural year with a multitude of achievements. Among them is the recognition of a few of the outstanding vendors within its Building Products Division. Advantage is pleased to announce their Vendor Partners of the Year for 2016:

Commodities Department:	National Gypsum
Millwork Department:	Huttig Building Products
Kitchen & Bath Department:	MasterBrand Cabinets
Specialties Department:	Top Notch Distributors

The criteria used to measure and identify these winners includes their manufacture of quality products, increasing market penetration and excellent customer service. “At LBM Advantage our Building Products Division is second to none and these suppliers are just a few who contribute to that success” commented Tom Molloy, vice president, building products. “Their willingness to consistently support the co-op’s strategy for mutual benefit sets them apart”.

The awards will be presented at Advantage’s Annual Meeting and Trade Show, March 13-15, 2017, at Disney’s Contemporary Resort. This anniversary show, 130 combined years of ENAP and PAL, will be a celebration of everyone’s success: the members, the mills and manufacturers and the newly merged cooperative.
